EXHIBIT DIMENSIONS & LAYOUT TO SCALE

Return by: November 15, 2024, to **Shawn McConnell** **s6mcconnell@gmail.com** **(fax to (855) 263-8675)**

Company Name:_____Space #:_____

If your company has more than one space, please attach a separate diagram for each exhibit.

FOR BOAT EXHIBITORS (please indicate with "x")

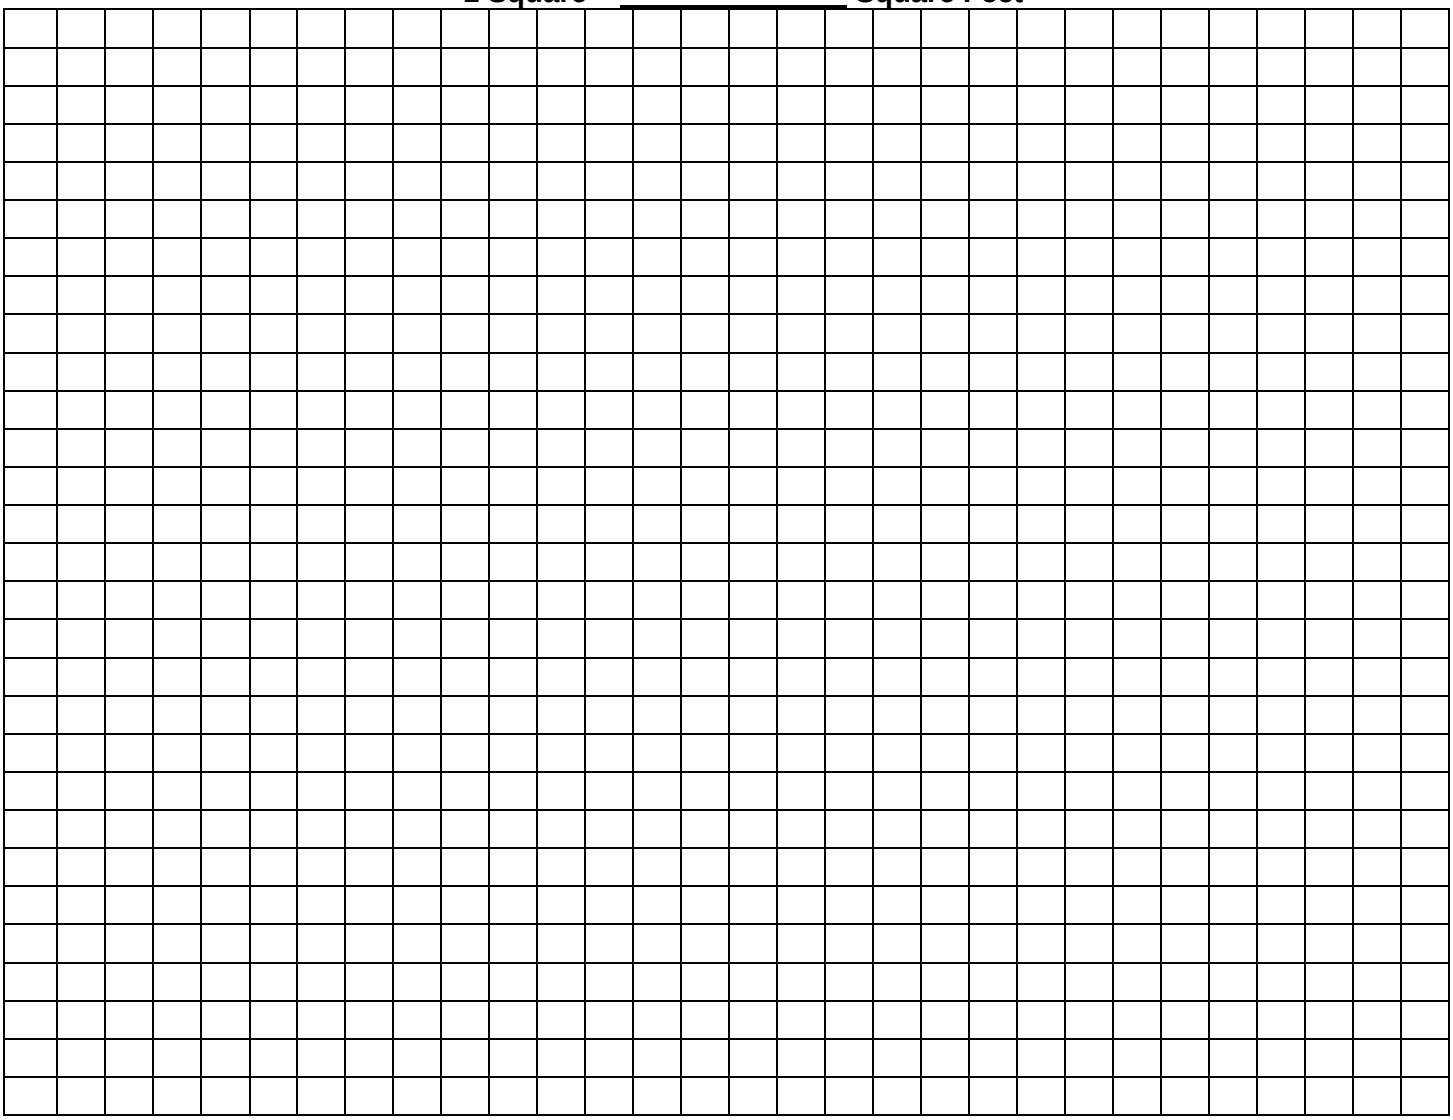
	Each platform in our space is less than 107 sq/ft.
	We do have a platform(s) that is 107 sq/ft or greater **

***All platforms with an area of 107 sq/ft. or greater are designated as structures and therefore are required to be built to the requirements of the 2012 Ontario Building Code. These structures are subject to the approval of the City of Toronto, Urban Planning and Development Services and the Department of Buildings and Inspections. To avoid individual exhibitors having to apply for their own building permits, each year the Toronto Boat Show obtains a general permit for the show floor and contracts a structural engineer to help exhibitors comply with the Ontario Building Code.*

Platforms that are 107 sq/ft and greater are required to be inspected and approved by the show's structural engineer, Cindy Sypher, Sypher & Associates Field Engineering Ltd.

Indicate requested date and approximate time (during move in) for preliminary inspection: _____

PLEASE SHOW DIMENSIONS OF YOUR EXHIBIT AND LAYOUT TO SCALE

Indicate Show Aisles Bordering Your Space


1 Square = _____ Square Feet
